

Living in Bosnia and Herzegovina data

Structure of folders

There are four main folders:

- **Wave 1** This is the first wave data from the LSMS, but just for those who were then carried onto the second wave.
- **Wave 2** This is the second wave data.
- **Wave 3** This is the third wave data.
- **Wave 4** This is the fourth wave data.

These folders may be sub-divided into other folders.

Wave 1

- **Panel data** This is the sub-sample of the LSMS data for the respondents who were taken through to wave 2 but reorganised into 5 different data files. The files are renamed to be consistent with the wave 2 data. The files included are:
