

QUARTERLY REPORT ON CONSTRUCTION WORKS ABROAD (GRAĐ-33)

LEGAL BASIS

The survey is carried out pursuant to the Law on Statistics of Republika Srpska ("Official Gazette of Republika Srpska", No. 85/03) and the Statistical Programme of Republika Srpska for the period 2026-2029.

METHODOLOGICAL BASIS

Aim and content

The aim of this survey is to provide quarterly data on value of contracted works, value of works performed on buildings and civil engineering, average number of workers at construction sites and performed effective hours of workers at construction sites, by country in which the works were performed.

Observation units/Reporting units

Data are submitted by business entities whose main activity, according to the Classification of Economic Activities KD BiH 2012 based on the EU Statistical Classification of Economic Activities NACE Rev.2, is classified into the section G-Construction, as well as by construction units in composition of non-construction business entities.

Coverage

This statistical survey covers business entities which perform construction works abroad.

Method and period of data collection

Data are collected quarterly, using the reporting method.

Protection of confidential data

Only aggregate data for the level of Republika Srpska are published. Confidential data are protected pursuant to Articles 25 and 27 of the Law on Statistics of Republika Srpska ("Official Gazette of Republika Srpska", No. 85/03) and in accordance with the Rules of protection of confidential data.

Definitions of main characteristics – indicators

Value of performed works is the value realised during the reporting quarter through direct engagement of employed workers, regardless of them being employed on a permanent basis or not.

Average number of workers at construction sites represents the number of workers engaged in construction works during the reporting quarter.

Total performed effective hours are hours of work realised by workers at construction sites during the reporting quarter.

IMPLEMENTATION ORGANISATION

Authorities implementing the statistical survey

The authorised producer of data is the Republika Srpska Institute of Statistics.

Collection of data is carried out in the regional offices of the Republika Srpska Institute of Statistics, while entry and processing of data are the responsibility of the Division for Production Statistics of the Institute.

Obligation to provide data

Reporting units are obliged to submit data to the Republika Srpska Institute of Statistics pursuant to the Law on Statistics of Republika Srpska

Implementation frequency

Reporting units are obliged to submit data to the relevant regional office of the Republika Srpska Institute of Statistics within 10 days after the end of the quarter.

INSTRUMENTS

The questionnaire "Quarterly report on construction works abroad – GRAĐ-33" is used to carry out this survey, alongside the instructions for completing the questionnaire.

PUBLISHING

Data are published quarterly, 40 days after the end of the reference quarter, in the quarterly release "Construction works abroad".
